Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Opens the EduGenie application - Uploads a complex PDF study document - Asks an initial question about the topic	- Reads the AI generated instant summary - Engages in a chat to clarify specific terms - Requests a customized practice quiz	- Answers the generated quiz questions - Reviews the AI feedback on incorrect answers - Checks learning progress dashboard
Touchpoint <i>What part of the service do they interact with?</i>	- Web application Landing Page - Document Upload Interface - Chatbot UI Input Box	- Summary Panel Display - Conversational Chat Interface (Gemini) - Action Buttons	- Interactive Quiz UI - Feedback Modal / Results Page - User Progress Dashboard
Customer Thought <i>What is the customer thinking?</i>	"Will this app actually understand my textbook?" "Is it easy to upload large files?" "How fast will it respond?"	"Wow, this summary saves me hours." "Can it explain this concept more simply?" "Are these explanations accurate?"	"Let's test my knowledge." "This feedback clearly explains why I was wrong." "I feel ready for my exam now."

Customer Feeling <i>What is the customer feeling?</i>	Curious, Hopeful, Slightly Skeptical	Engaged, Relieved, Impressed	Challenged, Supported, Confident
Process Ownership <i>Who is in the lead on this?</i>	User / Frontend System	User / Backend (Gemini API)	User / Quiz Engine & DB
Opportunities <i>How can we improve this stage?</i>	• Add drag-and-drop file upload • Support DOCX and image files • Provide a quick-start tutorial	• Add voice-to-text input for chat • Implement text-to-speech for AI answers • Highlight relevant text in original PDF	• Introduce gamification (badges, streaks) • Add detailed analytics for study habits • Enable sharing results with peers
